IT IS SERIOUS

Some Norway People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, The weariness, the tired feeling, The pains and aches of kidney ills May result seriously if neglected.

Dangerous urinary troubles often follow.

A Norway citizen shows you what to do.

M. M. Kilgore Danforth St., says: "I had backache and rheumatic pains for more than a year caused by disordered kidneys. My kidneys were acting irregularly all the time and I was so lame and sore across the small of my back I could hardly stand up. At night I rested but little and was feeling miserable much of the time. I finally got Doan's Kidney Pills at F. P. Stone's Drug Store and a few boxes cured me." (Statement given July 24, 1908.)

Permanent Results

On June 7, 1916 Mr. Kilgore said, "I gladly continue recommending Doan's Kidney Pills. The cure they gave me has proven permanent."

CHILDREN ONCE MORE

By Lydia Lord Shedd

The sunshine lingers around the hill, And the home life is so bright still, But we long for the sound of voices still, And the sight of dear ones gone.

As they used to come again in spring, And the swallows about the eaves will cling, At the old gray barn below, For the highest purple plume.

And there we hasten away to school, Each with their treasure trove, Nor stop to play by the wayside pool, A spot we used to love.

Oh! my dear ones life must fade, Surely fade for one and all, Still the sunshine with the shade, Daily round us seems to fall.

We know we have older grown, Though our hearts are just as warm, At home on the dear old farm, We see a glimmer beyond the hill.

The long ages past, Though long ages past, Our eyes with bitter tears are wet, For the dear ones lost to sight.

Leaving not a single trace, And oh! how dreary and forlorn, Where once the luscious berries grew In profusion all around;

Have chosen other ground, Still the "old orchard road" shall stand, Though long ages past, Though long ages past, With wild and fatal blast.

Children shall play about its side, Or over the silver birches rise, That round its sides may grow.

Children shall play about its side, Or over the silver birches rise, That round its sides may grow.

Children shall play about its side, Or over the silver birches rise, That round its sides may grow.

Children shall play about its side, Or over the silver birches rise, That round its sides may grow.

Hear the Kaffir Singing Boys

J. H. Balmer went into Kaffirland, in the heart of Africa, and out of crude, native boys he found among the savage tribes developed one of the most remarkable singing organizations in all the world.

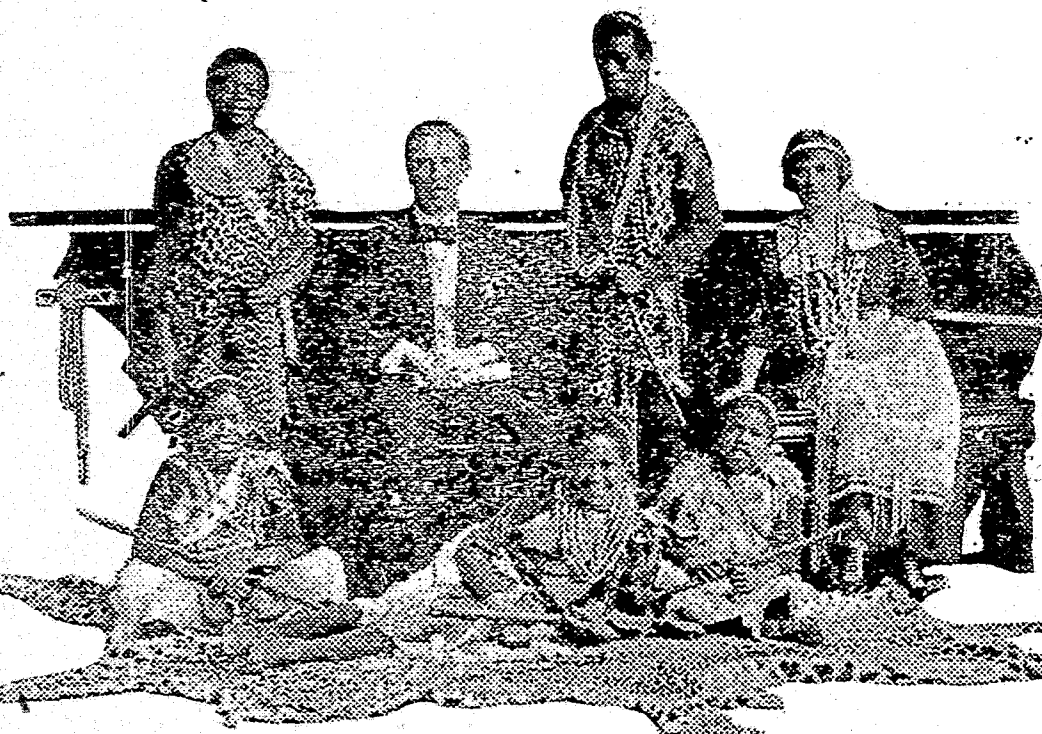

He began by teaching them good manners; how to dress, how to talk, how to eat according to good manners, and lastly, and the thing that was all important, how to SING. He made accomplished singers and entertainers out of potential savages. They sang in Cape Town to the governors of Africa; by royal command to the King and Queen in the royal palace; to 60,000 in London, 40,000 in Liverpool, and they have sung to nearly a million Chautauquans.

They will sing here on the closing day of the Chautauqua, wearing the skins of native African animals. Their program is a song and story demonstration of native African life.

YOURS FOR THE ASKING

Much good work has been done in Maine this year toward conserving and increasing the food supply, but there is much more work to be done. This further work comes directly in the line of the "Woman of the House."

The Season of Canning and preserving is at home. Information giving the latest and most effective methods of preparing vegetables and fruits for next winter's use will be appreciated by all housewives. The department of Agriculture of the National Government has prepared a new bulletin, No. 839, entitled "Home Canning by the One-Period Cold-Pack Method."

Senator Bert M. Fernald of Maine has secured a liberal supply of these and will be pleased to mail a copy of this Bulletin to all who send a request to him at Washington.

Automobile Registrations

It is expected that the present week will see the automobile registration receipts in the State of Maine reach the estimated amount for the entire year—\$425,000, on account of the receipts to date so far exceeding all estimates and hopes. The total received at the close of business on Saturday, July 14, was \$331,255, or \$116,942.25 more than the receipts of the same period of last year and in round figures, about \$50,000 more than was taken last year.

Seven thousand eight hundred and fifty more machines have been registered this year than in the same time of 1916, with 10,896 more operators' licenses issued. Dealers in motorcycles are eight less, but other excess figures are as follows: Trucks, 628; dealers, 100; motorcycles, 184.

The comparison is shown in the following tables:

Total registration and licenses to July 15th, 1917—

OXFORD

Farmers' Union Formed

President C. H. Gardner of the Farmers' Union, organized a local at Oxford, comprising the towns of Oxford and Otisfield, under the name of Oxford and Otisfield Farmers' Union, with 52 charter members.

This union starts in with very bright prospects before them.

At Oxford they have placed orders for a large amount of supplies and as this is as large a Union that has ever been organized in the state and many more members will come in in the near future as they hold meetings, we look for great success in this locality, being a great dairymaking section, shipping large quantities of milk to the Boston market, they will be large buyers of supplies along dairy lines, and the farmers of this section, as all other sections of the state are thoroughly aroused as regards the benefits that are being secured through the channels of this work.

The work of the Farmers' Union has passed its experimental stage, as has been demonstrated during the past year among different organizations throughout the state, and the farmers are beginning to realize that they can do their own business as well as to let other people do it for them.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-ford in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it.

Scott & Bowne, Bloomfield, N. J.

Mid-Summer Wrestling Match Coming

Home Truman, the Norway wrestler, will go up against Soldier Katron of Portland in Norway Opera House Tuesday evening, July 31, for the middle-weight championship of Maine. Johnnie Aspinall will take on Joe Laine in the welter weight class, and Mike Nadir with Albert Payne in the preliminary bout will give a show well worth seeing.

Truman, weighing 158 pounds, will enter the ropes fresh from a farm and well seasoned for a long run. Soldier Katron the 162 pound pride of Fort Leavitt, is a stranger here, but promises to make the Norwayite roll about the carpet. He realizes that Truman has never been defeated by any Maine wrestler, so this will be a great tug of war for the state middleweight championship.

The other contestants are well known local boys. Both Nadir and Aspinall have appeared in the game so all are familiar with their gait. Their antagonists are well qualified for the match and "go." A large bunch of rosters from Fort Leavitt are expected to support their favorite, so this fact will add a little pep to the occasion.

W. Frank Stairs, the promoter, is well acquainted with the ring game, having handled the mitts in many professional bouts and clinched several nationally known wrestling stars. He has handled numerous good athletes, so can frame up shows with class guaranteeing clean amusement for all.

BIG BARN DOOR SKETCHES

Things Seen and Unseen, Real and Fancied as They Flit Past and Interest the Writer

After many months the barn doors are open, floor swept and furniture dusted and I am ready for callers. Those driving cows to pasture were too early for me this morning, but I'll see them to night and get all the interesting news from Chemung to Morrill Doe's brick yard.

Joe Smith called last night when I was abed and the girls entertained him, which seemed to please all concerned better than if I had been present. I was told of the visit in the morning and of course it did, but why should I get up and disturb them?

There was a big accumulation of dust, dirt and spider webs in my roomy quarters and forty notepapers were removed before the rocking chair could be put in its accustomed place. This is all the potatoes on the farm and company is expected. Plenty are growing in the field and early ones will soon be ready so there should be fast stepping on the word "go."

A large bunch of rosters from Fort Leavitt are expected to support their favorite, so this fact will add a little pep to the occasion.

Fourth of July procession. I'll never do it again."

Dr. Rob W. Smith and his Australian sheep dog and an Overland Runabout called Monday and requested that I write more Barn Door Sketches and said they were so powerfully good last season he had to go upstairs and lay down while he read them. Whether this was intended for a compliment or a whang, I can't say.

George Lemuel Perkins Corliss ordered "No Trespass" signs printed to keep blueberry pickers out of his pasture. They were duly printed as ordered as I thought it under the circumstances. Had I known what I now know, I should have put on the signs: "Look out for the Bull." It would have been more effective.

I'm burning matches in the vain attempt to light double thick B. L. tobacco. It is said it can be done, but I guess that story comes from the match manufacturers rather than from tobacco smokers.

My chestnut tree out in Uncle Sullivan's woods back of the house is in full bloom.

Four pigs in the barn cellar grunt in continued satisfaction all the time. One explored the cellar drain the other day and got waded in and couldn't get out. You should have heard the bellowing when he was pulled back by his hind legs. It reminded me of hog-killing time of years ago when John Gore would hold a butcher knife in his teeth and throw the hog into proper position by catching him by the hind legs and then ramming the knife into its throat. Some squealing then, sure.

The potatoes were bugged yesterday and the corn hord and I have blisters between my shoulders caused by Sun and Hole-in-the-Shirt. I don't let Mother know it as she would be for patching me in the armpits and sweet smelling cream. The life of a farmer is something terrible! My hands and finger nails begin to look like Rev. C. G. Miller's of So. Paris.

When A. A. Smith's man-slave comes up the hill to get the cows, he amuses himself kicking rocks out of the road, regardless of the high cost of leather.

Walter pushed the lawn mower about the yard for two hours yesterday and made a good deal of noise.

I used to sit on a rock and allow mosquitoes to bite my bare legs and when they had filled their trough with blood, I would smite 'em and call it fun. Some how I've got over that kind of sport and am now pounding mosquitoes all the time while writing to exempt their biting.

It took a Grand Army Veteran, two women and some children a half day to put up a tent in the pasture for me. After a few hours spent in it I have concluded it will take a heavy frost to keep the mosquitoes out.

I can't stop to write more as the dead roses under the bushes and the fern bed sheared. Pat Cummings is in Norway, and Walter don't know how, so I reluctantly leave literary pursuits and go to work.

Mr. Elliott was probably one of the best known men in Oxford County. For many years he served as deputy sheriff and won the name of being one of the most efficient officers Oxford county ever had. He was born in Rumford and spent practically his whole life here. Ever since the Water District was organized he had been superintendent and in this work he put his best efforts.

WOMEN OF MIDDLE AGE

Mrs. Quinn's Experience Ought to Help You Over the Critical Period.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headaches or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."

—Mrs. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.
